Tools & Deployment: Git, GitHub, Sourcetree, Vercel, npm, Yarn, Chrome DevTools
Soft Skills: Communication, Problem Solving, Team Collaboration, Client Coordination, Code Reviews

Professional Experience

Web Developer & Manager Apr 2026 – Present
Cultre Boat, Delhi, India cultreboat.in

- Lead frontend development and day-to-day technical coordination across multiple concurrent client engagements spanning Shopify storefronts, a React Native mobile app, and web deployments.
- Manage and maintain multiple live Shopify stores concurrently, handling ongoing feature requests, bug fixes, and performance improvements across clients.
- Delivered end-to-end Shopify storefront builds, product-page redesigns, and SEO/schema markup improvements for multiple fashion and D2C brand clients.
- Contributed to a React Native/Expo mobile app built in a Yarn/Turborepo monorepo: resolved API integration and build/dependency issues, implemented KYC step-navigation logic, and configured EAS builds.
- Managed a client website's deployment pipeline on Vercel, diagnosing and resolving Git/GitHub authentication issues that were blocking auto-deployments.

Technologies: Shopify, Liquid, React Native, Expo, Turborepo, EAS Build, Vercel

Web Developer Oct 2023 – Mar 2026
Appziaa Softlabs Pvt. Ltd. (RewardsPlus), Delhi, India rewardsplus.in
Promoted from Frontend Developer (Oct 2023 – Dec 2023) to Web Developer (Jan 2024 – Mar 2026).

- Built 12+ reusable, responsive UI components using React, Next.js, and TypeScript, improving load time by 30% and team productivity by 40%.
- Optimized Redux state management, improving application performance by 25% and reducing bundle size by 15%.
- Resolved 20+ UI issues using Git and browser DevTools, maintaining 99% feature stability.
- Reviewed 15+ pull requests, helping improve overall code quality and consistency across the team.

Technologies: React, Next.js, TypeScript, Redux

Projects

E-Commerce Storefronts (14+ Shopify Stores)
Shopify, Liquid, Theme Customization, Responsive UI, SEO/Schema Markup

- Built and customized Shopify storefronts for fashion, jewellery, beauty, wellness, and D2C brands using Liquid and theme customization (Impulse & Minimog themes).
- Integrated Fastrr COD/RTO, Meta Pixel, and Wigzo to support commerce and marketing workflows.
- Implemented Product, LocalBusiness, and FAQPage structured data to improve SEO and AI search visibility.
- Delivered responsive product pages, collection pages, and product discovery experiences.
- Selected stores: zevar by Geeta (zevarbygeeta.com), Lizpaul (lizpaul.in), Amayra Jewellery (amayrajewellery.com), The Koe Beauty (thekoebeauty.com), Kelby Huston (kelbyhuston.com), Canadian Pine Pollen (canadianpinepollen.com), Amiraah India (amiraahindia.com), Aashima Behl (aashimabehl.com), Kalista Studio (kalistastudio.in).

KL University Website | *Next.js, React.js, JavaScript, HTML, CSS* kluniversity.in

- Developed frontend pages and responsive UI improvements for the Next.js university website, presenting academic programs, admissions information, and institutional content across devices.

RewardsPlus Android App | *Android, Mobile App, Frontend* Google Play

- Contributed to frontend development and maintenance of the RewardsPlus Android app, published on Google Play, supporting the company's digital customer and rewards experience.

Education

Bachelor of Technology (B.Tech) in Computer Science and Engineering 2019 – 2023
Future Institute of Engineering and Technology, Bareilly, India
